

# Protect Your Income

## With Platinum Advantage From The Standard

Your income is what you rely on to finance your life. But, what would happen if you were too injured or sick to work? How would that affect your lifestyle?

Just like insurance for your home or your car, you can get insurance that goes to work when you can't by replacing a portion of your income if a disabling injury or sickness prevents you from working.

With Platinum Advantage from The Standard, you can have peace of mind knowing that your finances are secure and your lifestyle is protected.

### Disability Happens

You may think your odds of becoming disabled and unable to work are low, but consider these facts.

One of four 20-year-olds will become disabled before age 67.<sup>1</sup>

Approximately 90% of disabilities are caused by illnesses, not accidents.<sup>2</sup>

Every seven seconds, someone in the United States suffers an illness, injury or accident that will keep them out of work for more than one month.<sup>3</sup>

There is an insurance product that can alleviate worry by protecting your paycheck. It's called individual disability insurance.
