

The Standard®

GSI Annual Renewal Increases

Protect Employee Earnings as They Earn More

You reward your employees for their hard work with raises and promotions. Make sure their income protection coverage keeps up with their earnings increases. Take advantage of the Annual Renewal Increase feature in your company's Guaranteed Standard Issue income protection insurance plan from The Standard.†

How It Works

- The Standard will review your plan each year. We'll review current compensation and other long term disability coverage in force to identify employees who are eligible for additional monthly benefits, in accordance with your offer letter.
- Endorsement delivered directly to policyowner and you'll receive a summary of changes.*
- Increases will go into effect on the Annual Renewal Increase date and apply to claims for disabilities beginning after that date.
- ARI feature is available to active employees in the plan until the earliest of:
 - the policy termination date of an individual policy
 - the employee has reached the plan's maximum benefit amount or
 - the plan ends

What to Expect

We'll contact you approximately 90 days before the Annual Renewal Increase date to request updated disability coverage and census information.

.....
When The Standard receives the completed census, we will:

- Review and Send Proposal
 - Provide Summary of Changes
 - Deliver Endorsements
-

* Employee signature may be required on voluntary plans for acceptance.
