Help Employees Get More from Their Benefits

Seeing the dentist regularly is important for overall health. With Group Dental insurance from The Standard[†], you can encourage healthy habits by adding our Max Builder Flex¹ option. It rewards insured individuals who visit the dentist yearly, but often don't need to use much of their maximum benefit.

Unlike a typical use-it-or-lose-it approach, Max Builder Flex allows the insured to carry over and build unlimited Dental benefits — if they visit a dentist yearly and stay below their benefits threshold. Max Builder Flex also offers the option to allow carried-over dental benefits to be used to increase benefits for specified Vision² services and/or one-time increases for orthodontia and LASIK AssistSM.

Five Guidelines for Building Benefits

1. **File a claim annually:** To qualify, insured employees and covered family members must submit at least one dental claim each year.

2. **Stay below the threshold:** When insured individuals exceed the plan's annual Dental threshold amount, they will not earn any increases for that year, but will retain any prior increased benefits.

3. **Build annual maximums:** If they qualify, insured individuals can carry over a specified amount of unused Dental benefits — and keep building benefits with no cap or limit.

4. **Flex benefit dollars:** Insured employees and covered family members can use carried-over benefits for Dental services that exceed the annual maximum. If you also offer Vision insurance from The Standard, carried-over Dental benefits can be used to increase the annual maximum for contact lenses or frames. If the Dental plan includes orthodontia and/or LASIK Assist, carried-over Dental benefits may be used for one-time increases in benefits (new patients only).

5. **Start over:** If insured individuals don't submit a dental claim during a benefit year, all carried-over benefits are lost. They can start building benefit maximums again the next year.

In-network Bonus: Another Easy Way to Boost Dental Benefits

The Standard's Dental plans include an In-network Bonus. The insured can earn a bigger increase in their Dental benefit maximums by visiting a dentist in the Ameritas network — as long as they see a dentist once a year and do not exceed their benefit threshold.

How Max Builder Flex Builds Dental Benefits

Plan's Annual Maximum Benefit	Annual Dental Threshold	Annual Benefit Carry-over	In-network Bonus	Maximum Built-up Carry-over
\$500/\$750	\$250	\$125	\$50	Unlimited
\$1,000/\$1,250	\$500	\$250	\$100 or \$150	Unlimited
\$1,500	\$500 or \$750	\$250	\$100 or \$150	Unlimited

Using Flexible Benefits

The insured can use accumulated benefits to increase the maximum for dental or other specified services or materials, subject to applicable deductible, co-insurance and plan provisions.

Benefit	Eligible Amount	Frequency
Dental	Total built-up carry-over (see chart above)	Unlimited
Vision	\$100 or \$200 benefit level	Annual; contact lenses or frames only
NOTE: Vision benefits require enrollment in PolicyLink Dental + Vision Plan or a Group Balanced Care Vision plan from The Standard, and the enrollment must match the Dental plan enrollment. For Balanced Care Vision Plan I and Balanced Care Vision Plan II, the insured must submit a Vision reimbursement form.		
Orthodontia	\$100 or \$200 benefit level	Once per lifetime, new braces only
LASIK Assist	\$100 or \$200 benefit level	Once per lifetime

These policies provide DENTAL and VISION insurance only.
