Ready Enroll®
Simplifies Online Enrollment
Engage employees and streamline administration

The Standard‡ recognizes that employers looking for online enrollment capability want a system that is easy to use and secure. We offer a solution with Ready Enroll, The Standard's no-cost online enrollment system.

Ready Enroll streamlines the enrollment process for The Standard's Guaranteed Standard Issue individual disability insurance products and helps reduce time spent on administration.

Key Features

Simple Setup
A dedicated enrollment team will walk you through the steps to start and run the system.

Efficient Experience
Employees can enroll in 10 minutes or less, because we prepopulate the system with their information.
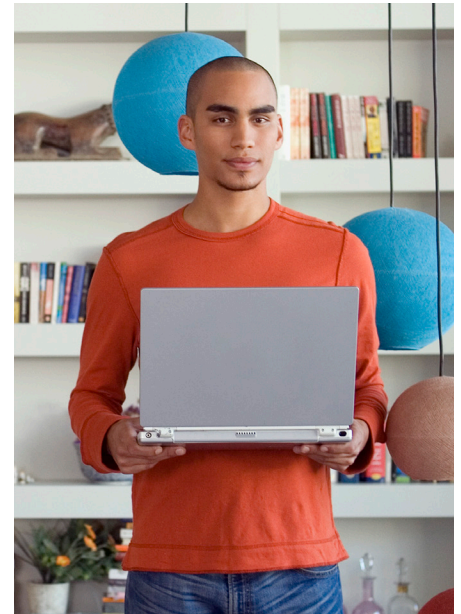

24/7 Employee Access
Employees can use the system at any time within the enrollment period.

Secure Process
Our secure, web-based enrollment system uses 128-bit encryption and Secure Socket Layer (SSL) for all submitted information.

Ongoing Enrollment
You can add newly eligible employees any time.

System-Integrated Tools to Help Your Employees Enroll and Understand This Valuable Coverage

The Standard's electronic support tools help employees understand how income protection insurance benefits them and their families. During an enrollment event, they can easily access the tools directly on Ready Enroll.

The mobile-friendly website allows employees to:

- View personal benefit information.

- Explore the value of individual disability income protection.

- Transition seamlessly from learning to enrolling.

Partner With The Standard

As a leading provider of high-quality insurance products, The Standard is dedicated to providing a comprehensive enrollment system for its products. We can help employers simplify benefits education, enrollment and plan administration.

Partner with The Standard to help your employees understand how this unique and easy enrollment opportunity benefits them.
